

Please don't weaken this bill. We are no longer haveing calls comeing in during the evening bothering my family. We used to get up to 6 calls a evening.

Also my wife and I get up very early, and some of these calls were late enough that it disturbed us when we were trying to get too sleep.

The people of the state have said they wanted this, and I think that they are very happy with it. I don't think it should be changed, just because the banks don't like it
